

Sign Up Genius - Phone

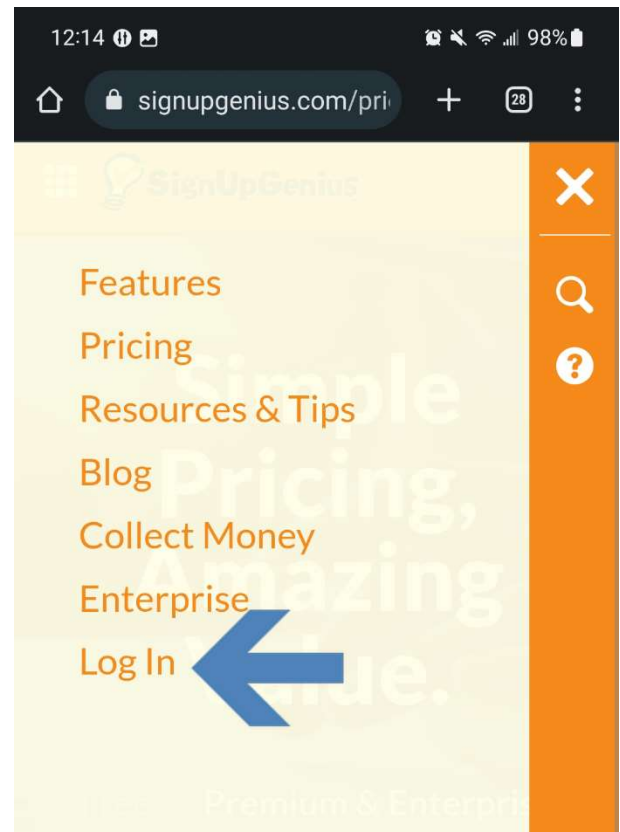

Because Sign Up Genius does NOT have a mobile app, there are only a couple differences between using a phone and a computer. However, most of these differences are in visual representation.

All the following are through an Android platform. I do not have access to an iPhone to document the differences.

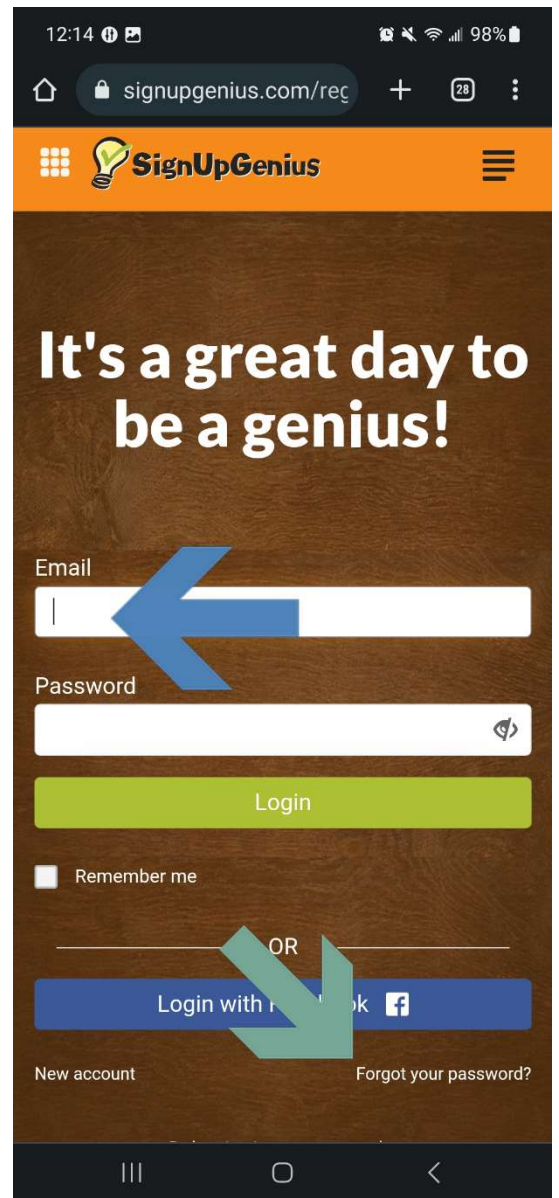

- After opening the website browser and going to m.signupgenius.com/ you will need to tap on the black bars at the top right side of the screen.

- Next tap on the Log In option of the menu.

- Enter your email & password to login. If you don't remember your password, tap on the 'Forgot your password' text to reset your password.

2. Sign Ups I've been Invited to

3. Search

4. Class Listings
 - a. Click on the orange lettering of any class to open that sign up.

The screenshot shows the SignUpGenius dashboard. At the top, there's a navigation bar with 'SignUpGenius', 'Features', 'Pricing', and 'More'. A flash sale banner is visible below. The main content area is divided into two sections: 'Items I Signed Up For' and 'Sign Ups I've Been Invited To'. The first section contains a table with columns for Date, Time/Loc, Sign Up, Item, and Action. The second section contains a list of sign-ups with columns for Item, Dates, and Name. Blue arrows and numbered circles (1-4) highlight specific elements: 1 points to the 'Items I Signed Up For' header, 2 points to the search bar in the 'Invited To' section, 3 points to the search icon, and 4 points to the orange class name 'June 2023 TRX'.

From here on, this will be exactly like using the computer to sign up or cancel classes.

Using a Link from Email on Phone

When you click the link in your email, this will open a widow where you can scroll down and select the classes you want to sign up for.

Scroll down through the list and tap on the 'Sign Up' boxes to add a class to your schedule.

A blue check should appear to confirm that you want to sign up for a class. After you have selected all the classes you want to sign up for, scroll to the very bottom of the page and click on the 'Submit & Sign Up' button.

You will also see a confirmation screen when you have signed up.

The window should refresh and you should be looking at a list of the classes you opted to sign up for.

Scroll to the bottom of the list and be sure to tap on 'Sign Up Now!'

Without tapping on Sign up Now, you won't have registered for any classes.

THANK YOU!

Canceling on Mobile

You cannot Cancel a class by clicking a sign up link from an email. You MUST log into Sign Up Genius to cancel a class.

You can click the link to the sign up from your email, but once there, you will need to make sure you are logged in.

In the pictures below, one is logged in and the other is not. To bring up this menu, tap on the 3 horizontal menu bars and look at the pop-up menu.

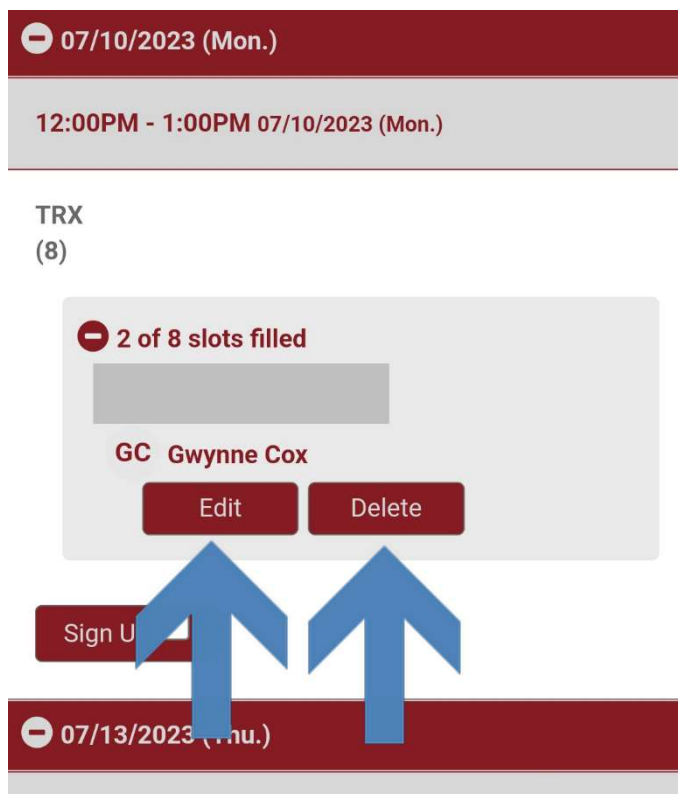

- If there is a Login option (left pic), you are NOT logged in.
- If there is a Log Out option (right pic), you ARE logged in.

After you confirm you are logged in to Sign Up Genius, find the date/time that you will not be able to attend class.

For instance, I will have to cancel on the TRX class on 7/10/23. I find my name in the list and underneath it, should be boxes with 'Edit' and 'Delete'.

- If you do not initially see your name in the list, there should be a 'See More' button to look at more people signed up for a class.

Click the 'Delete' button. Sign up Genius will ask you to confirm that you want to delete your reservation.

Delete My Sign Up!

Are you sure you want to delete this sign up? NOTE: This is a permanent action and there is no undo!

Then Sign Up Genius will display confirmation of the deletion.
